**Raleigh, NC**

My husband, Scott, and I moved from Savannah, Georgia, to Raleigh, NC, in 2002 to be closer to family. All three of our daughters attended college in NC and married men from the area, so we have been blessed to be within 15 minutes of everyone. We live in a casual golf community, called Brier Creek, which is just minutes from RDU airport and across the street from Duke Hospital medical facilities. We have a wonderful group of friends who like to party, attend concerts and museum functions, dine out, and just enjoy being together. Having lived in both the North and South, we find the weather in Raleigh to be almost perfect. We have been able to sit on our back deck in the sun almost every day and go to our beach house in Point Pleasant Beach, NJ every summer. There we are right on the boardwalk, which is on the beach, and we have a front row seat to weekly beach activities and people from all over the world. I do miss Christmas in Bethlehem, as it is such a beautiful time of year, but we have no intention of moving out of this wonderful part of the country. My plans are on hold for the reunion due to this uncertain time, and we are looking forward to getting the Covid vaccine soon. My wish for you all is to stay healthy and safe.
