

Richard Gunning – Lancaster, PA

June, 2021

Yes we still live in Lancaster. We have lived here since 1972. We moved here from Baltimore to be closer to family. We like living here because we like the change of seasons. Also we like the fact it is an agricultural area. We have Amish neighbors who have a 100 acre farm. So it is picturesque. I enjoy playing golf with a local golf group. We play 2-3 times a week. And enjoy Sarasota, Florida in winter. We are also in a bridge group which has been shut down by Covid. We enjoy Saturday night Pizza night with our Daughters and our 12 grandkids. Lancaster is much less congested than Bethlehem. It is also home To Franklin and Marshall College, my Alma Matter. We also have excellent healthcare here which we really have only had to use for Annual checkups thank goodness. And yes we will be attending the reunion in the fall. My email address is dufferrick@gmail.com
