Sally Korpics Pfister
Mobile, Alabama

We have lived in Mobile, Alabama since 2001 and prior to that for 10 years in Ocean Springs, Mississippi. VA. My husband, Bill, is a retired US Navy Captain and shipbuilder, and this is an ideal setting for ship design and building. Needless to say, it's a whole different world from where we grew up: climate-wise, politically-speaking, and so on. It is always a pleasure to visit Bethlehem, though it doesn't happen very often. We recently met up with Buzz & Sandy Erisman on their way along the Gulf Coast, at our favorite seafood restaurant on Mobile Bay. Had a very enjoyable lunch talking about old times... but somehow we forgot to take a photo! Good luck with your reunion planning – no idea at this point whether or not we can join you. Best regards,
Sally
