

November 2020  
Nancy Winter Lamb  
Arlington, Massachusetts

1. Do you still live in Arlington?

Yes

2. How long have you lived there?

15 years

3. Why did you relocate to Massachusetts? (job transfer, retirement, closer to children, etc)

Changed jobs, moved closer to grandkids and got remarried!

4. What do you like about living in Arlington and Massachusetts?

Near a big city with lots to do and see. Plus the job and family were near Boston when I moved.

5. What are some of your favorite things to do where you live? Golf, cycling, walking and working out at a local gym keep me busy on top of the normal day-to-day activities. I also volunteer for the Diabetes Association for the last 15 years and provide logistics leadership for their fundraising events. In addition, I volunteer through a women's auxiliary to support a local hospital.

6. How does Arlington differ from Bethlehem?

Arlington is an inner suburb of Boston and living is more like being in a major city than Bethlehem. More opportunities to do and see sights, sounds and history, though also more traffic!

7. Might you attend the 60th reunion?

Yes, I hope to attend our 60th next year and look forward to seeing classmates again!
