My husband and I have been living in Reading for the past 16 years. We moved here to be closer to family and be able to spend more time with our grandkids and now great granddaughter. Before moving here we lived in Florida for about 10 years after my husband retired from the Bethlehem Steel. He worked as a rigger welder for 31 years. We enjoy walking around the many hiking areas we have within 20 minutes from where we live. Walk every day providing the weather is allowing us.
